

The 3rd Shanghai Assembly on Cosmology and Structure Formation

Thursday, November 20, 2025

Structure 2 (9:00 AM - 10:10 AM)

time	[id] title	presenter
9:00 AM	[41] Universal laws of subhalos arising from unbiased accretion	HAN, Jiaxin
9:20 AM	[27] A physical, interpretable and versatile halo model based on the depletion radius	ZHOU, Yifeng
9:40 AM	[23] Self-similar decomposition of the hierarchical merger tree of dark matter halos	□, □□
9:55 AM	[59] The dependence of the depletion radius on mass accretion rate	ZHOU, Jiale
