

The 3rd Shanghai Assembly on Cosmology and Structure Formation

Monday, November 17, 2025

Galaxies 1 (11:00 AM - 12:30 PM)

time	[id] title	presenter
11:00 AM	[77] Simulations at the intersection of galaxy formation and cosmology	Prof. SCHAYE, Joop
11:30 AM	[3] Connection between galaxy morphology and dark-matter halo structure	LIANG, Jinning
11:45 AM	[11] Galaxy growth across cosmic time in the JWST era: insights from the COLIBRE simulations	Dr CHAIKIN, Evgenii
12:00 PM	[50] The COLIBRE simulations: stellar morphologies of realistic galaxy populations with a multiphase interstellar medium.	FOROUHAR MORENO, Victor
12:15 PM	[20] Decoding Late-Time Morphology of HR5 Galaxies	Dr GOYAL, PRIYA
