

The 2nd Shanghai Assembly on Cosmology and Structure Formation

Friday, November 3, 2023

Cosmology: Measurements & Detections - Conference Hall (10:45 AM - 12:10 PM)

-Conveners: Jun Zhang

time	[id] title	presenter
10:45	A01 HSC Year 3 Weak Lensing Cosmology Results	MIYATAKE, Hironao
11:10	A30 Galaxy clustering at small scale and measurement of structure growth	ZHAI, Zhongxu
11:30	A51 Tomographic Alcock-Paczyński Test with Redshift-space Correlation Function: Evidence for the Dark Energy Equation-of-state Parameter $w > -1$	Dr DONG, Fuyu
11:55	A14 Detection of pairwise kSZ effect with DESI galaxy clusters and Planck in Fourier space	LI, Shaohong
